MAN THREATENED DIVORCED WIFE AND MUST PAY A FINE

James Vice Who Threatened to Take
His Wife's Life, According to Her
Testimony, Is Fined in Mag-
istrate's Court.

James Vice was before Squire Fred Bauer this afternoon on a charge of using language calculated to provoke a breach of the peace and was fined \$25 and costs. The Squire also announced that when the fine was paid he intended to place Vice under a peace bond to require him to keep the peace toward his divorced wife.

The complaint against Vice was made Mrs. Mattie Vice, who procured a divorce from him some time ago. On the witness stand she said that her former husband came to the home where she is employed and bothered her considerably urging upon her that they be married again. A few days ago, she said, Vice called and taking her by the arm with one hand and putting his other hand in his pocket said that he had come to obtain her consent to re-marry him or to send them both to other regions. She said she was frightened for fear he would carry out his threat and consented to the marriage but she sent a boy to the police and the officers caught them and put Vice under arrest while they were on their way to the Court House.

Letters were also introduced as evidence. In these letters Vice, who has been in Cincinnati for some time, threatened to take his former wife's life if she did not marry him.

Vice could not pay his fine but said that he would give bond later in the evening and he was taken to jail to await the execution of the bond.

AGED NEGRO FOUND INSANE

Dude Washington, colored, who has been an inmate at the City Alms House for the past several weeks and who became insane Monday and was taken to the county jail for safe keeping, was tried before County Judge Purnell and a jury this afternoon, found to be of insane mind and ordered sent to the state asylum for the insane at Lexington.

BASKET BALL TONIGHT

The Ashland High School plays the Maysville High on the local floor this evening. The game promises to be a very interesting one and there should be a large number of local rooters on hand.

POLICE FOLLOW CLUES IN SAFE ROBBERY; NO ARRESTS YET

Maysville Police Still of the Opinion
That Blowing of Harrison & Son's
Safe Was the Work of Out-of-
town Professionals—Auto
Clue Only Thing to
Work Upon.

Chief of Police Harry A. Ort and his men are sticking on the job in an effort to unravel the safe blowing at Harrison & Son's feed store at an early hour this morning. They have been endeavoring to pick up new clues to the case but all of their efforts in this wise are to no avail.

The only clue upon which they have to work that may in the least uncover the identity of the yegmen is the fact that the engine in an automobile seen near the front of the Harrison building was left running for some time during the early hour of the morning. The police are now endeavoring to learn something about this automobile and through this they be able to learn something about whose machine it was and what it was doing there. It has been learned that the machine bore an Ohio license tag and it is more than likely that the machine came from Cincinnati and was run by some of the professionals in that city who recently have been doing just these kind of jobs in the Queen City.

Following this clue the police hope to find out something about the machine and its occupants and this may lead to learning something about who might have done such a job as the one pulled here.

MRS. WILSON'S FUNERAL SATURDAY MORNING

The funeral of Mrs. Albert Wilson, notice of whose death appeared in yesterday's issue of the Public Ledger, will be held at the home at 10 o'clock Saturday morning with services by Rev. J. J. Gilbert, of Winchester; burial will be made at Mayslick.

Mrs. Wilson was a splendid woman of many beautiful traits of character. Her husband, who died about 8 years ago was a prominent livestock dealer and highly respected. She is survived by two brothers, Messrs. Charles and James Owens, and four sisters, Mrs. McVaine, Mayslick, Mrs. Woodson Wallace, Lexington, Mrs. Charles Marshall, North Fork and Miss Sallie Owens, of North Fork. Mrs. Wilson was 75 years of age and a member of the Mt. Gilead Baptist Church.

Private Earl C. Dryden has returned to his home on Forest avenue having received an honorable discharge from the service.

LOCAL WOMAN STUNG IN PURCHASE OF LINEN FROM PEDDLER HERE

Prominent Local Woman Pays Big
Price For Rare Bargain and Finds
Her Purchase Is a Gross Fake
—Police Look For
Peddler.

One of Maysville's prominent women yesterday was badly swindled out of a good sum of money when she purchased quite a bill of high class linen from a traveling peddler which turned out to be not linen at all but a rank fake. As soon as the woman realized she had been swindled she notified the police department and a search was instituted for the peddler but he had shaken the dust of Maysville from his feet and could not be located in the surrounding country.

For several years peddlers coming from Cincinnati and other nearby cities have been coming to Maysville and calling upon the women of the community offering for sale a very attractive line of linens. These peddlers are wise enough to select the best homes in the community and after telling a story of how they had received the linen from a relative or friend in Europe, they offer the articles at a price which looks like a very rare bargain. Many times the people have been stung on this same deal but the peddlers come right back and do it over again careful that they do not return to the same house twice.

The citizens have been warned time and again to notify the police department as soon as they learn such a peddler is in the city but instead they admit the peddlers to their homes and in most cases the peddlers are salesmen enough to make a good sale and get away with it. Usually those who find themselves "stung" do not make a cry but they should do so and if possible the police will locate the crook and see that they are properly punished.

Maysville is favored by having the best stores of any town of twice its size in the country. We are also favored with having merchants who thoroughly understand their business and no better lines of linen are offered for sale on the globe than are offered for sale in Maysville.

There are two morals to this case. One is that we should deal at home with our own merchants who we know are not going to run off and who we know cannot afford to sell us other than what we pay for and the other is that when out-of-town peddlers put in their appearance at our door, we should immediately notify the office of the Chief of Police so that our neighbors cannot be robbed.

FAILED TO GIVE UP FARM; BUYER ASKS DAMAGES

Jasper Campbell has filed suit in the Mason Circuit Court against J. H. Wiggins asking damages in the sum of one thousand dollars. The plaintiff says he purchased of the defendant on November 12, 1919, a farm in the Sardis precinct and was to have possession of the farm on March 1. He says the defendant has refused to give him possession of the farm and that he has been damaged in the sum of one thousand dollars. He asks for damages in that amount.

JUDGE WILLIAM H. HOLT DIES AT PEWEE VALLEY

Louisville, Ky., March 7 — Judge William H. Holt, former United States District Judge in Porto Rico under President McKinley's administration, died yesterday, at his home in Pewee Valley, near here. He was 76 years old.

After practicing law for several years he was elected to the Kentucky Court of Appeals, serving until his appointment to the Federal bench. He was in failing health for the last five years.

TWO ABERDEEN ACTIONS

The Georgetown (O.) News-Democrat says: Two actions filed in the Common Pleas Court brought from Mayor Clark's court at Aberdeen are for money. John Burbage brings action against Emma Collins for \$6 alleged to be due for automobile hire. The petition filed by W. W. White alleges that he left in the care of Mutchelknaus Brothers a tarpaulin and robe, which was stolen from them. He says they were worth \$16.50 and asks for the money.

SPECULATORS REFUSED TO ACCEPT CROP, GROWER SAYS

George Schiltz has filed suit in the Mason Circuit Court against William Snyder and Robert Snyder asking damages against them. The plaintiff says that he sold his crop of tobacco to the Snyders at 28 cents a pound and they refused to accept it. He asks damages against them for the difference between what the crop brought and what it would have brought at the contract price.

BUTCHERS ASKED TO BECOME MEMBERS OF GROCERS BODY

Maysville Retail Grocers' Association
Extends an Invitation to Local
Butchers to Become Mem-
bers of Body.

A very interesting meeting of the Maysville Retail Grocers' Association was held last evening at the Maysville Chamber of Commerce. Matters of importance to the grocers was discussed and all expenses of the recent Grocers' banquet were paid in full by the committee.

After discussing plans for the improvement of the organization it was suggested that the local butchers be given an opportunity to join the organization. It was pointed out that the butchers and grocers were in practically the same business and that the troubles of one were about the troubles of the other. After some discussion it was finally decided that the grocers give the butchers an opportunity to join the organization and therefore make it stronger and of more benefit to all. A committee was appointed to wait on the butchers and present the plan and give them an opportunity to join.

Mr. Charles Conrad, of Geisel & Conrad, was asked to prepare a paper for the April meeting of the association on the subject, "Grocers' Problems."

This organization is one of the liveliest in the city and with the addition of the butchers there is every reason to believe that it will be a much more wide awake organization.

LITERARY SOCIETIES RENDER PROGRAM

The two literary societies of the Maysville High School rendered a joint program in the High School auditorium this afternoon—that was greatly enjoyed by a large number in attendance.

WILLIAM RUGGLES DIES

Mr. William Ruggles, aged 75 years, died at his home on Short street about 4 o'clock this morning after a long illness of dropsy and other complications. Funeral will be held from the home at 2 o'clock Sunday afternoon and burial will be made in the Maysville cemetery.

ATTEND MEETING OF BUTTER MANUFACTURERS

Messrs. A. L. Glascock and W. L. Traxel, of the Traxel-Glascock Company, attended a meeting of the Ohio Valley Butter Manufacturers Association which was held Thursday at the Gibson House in Cincinnati.

A big society dance in Lexington this evening drew quite a number of the Maysville younger set to that city this afternoon.

WEST VIRGINIA BAN ON NATURAL GAS IS OPPOSED IN 3 STATES

Action of West Virginia to Cut On
Output of Natural Gas Arouses
General Assembly of Ohio to
Action—Would Affect
Maysville.

Officials of gas companies in Ohio, Kentucky and Pennsylvania will watch efforts to be made by John G. Price, Ohio's Attorney General, to prevent West Virginia from putting into effect May 13 a law to cut off transportation of natural gas into another state, W. Y. Cartwright, vice president of the Union Gas and Electric Co., of Cincinnati, said Friday.

"The state will have the moral support of every gas company in the three states. A combination of gas companies to prevent the measure would probably have been effected if the state had taken no action."

Passage of the action will mean cutting off of upward of 99,000,000,000 of the 169,000,000,000 cubic feet of natural gas said to be consumed in Ohio annually.

"It is impossible now to say what effect the measure would have on the natural gas industry," said Cartwright. "It would present the alternative of returning to coal fires or using artificial gas, which, while carrying a reduced heating value, would be much more expensive."

Prices would increase more than 200 per cent., Cartwright estimated. The proposed West Virginia law would greatly affect Maysville as to its gas supply. Maysville is on the direct West Virginia line which leads to Cincinnati and a curtailing of the natural gas supply would greatly affect us. However, as we are East of Cincinnati, we are in a better position than are the people in that city and Cincinnati's fight on the matter will be in a way our own fight. Maysvillians who are users of natural gas will watch with much interest the fight just started by the Attorney General of the State of Ohio.

MUSTERED OUT OF SERVICE

Private John Feltus of Camp Dix, N. J., has been mustered out of the service and arrived home Thursday night.

Sergeant James Mackey, of the local police department, after an illness of several weeks is now able to be up and his many friends hope for his speedy recovery.

C. & O. AGAIN TAKES UP MATTER MOVING STOCK PENS

C. & O. Railroad Company May Move
Their Stock Pens From the Sixth
Ward to the Maysville Stock
Yards at the Foot of
Limestone Street.

Some several months ago it was suggested that the C. & O. railroad company move their stock pens from Wood street in the Sixth Ward to the Maysville stock yards at the foot of Limestone street and in the rear of the Maysville Bulk Company's buildings. This matter was taken up with the railroad company by the Stock Sales committee but after some time the matter was dropped.

It was learned this afternoon that the plan is being revived again and that this time it is being brought up by the railroad company. The understanding would probably be that the railroad company could use the city's pens at any time they needed them and that the city could use the railroad company's pens on stock sales days. It would be quite handy to have the shipping pens in the stock yards and the people in the Sixth Ward living near the railroad company's pens would be very glad to have the pens moved from their midst.

It is understood that the matter has been taken up with the railroad authorities and something will probably be done in regard to the matter in the very near future.

LOCAL PASTOR HAVING SUCCESSFUL REVIVAL

In letters to local friends Dr. B. B. Bailey, pastor of the First Baptist Church, who is now in a revival meeting in Nashville, Tenn., reports that his meeting is progressing very successfully. Dr. Bailey will not be here for next Sunday but services will be held. The pulpit will be supplied by Rev. J. S. Wilson, pastor of the Mt. Sterling Baptist church, who supplied it last Sunday or by Rev. T. Benton Hill, of Mt. Sterling.

OLD DAULTON PROPERTY IS SOLD

Through Thomas L. Ewan & Company, local real estate dealers, the old Daulton home in the West end has been sold to Mr. James Broshears.

RALSON-POOLE

Mr. T. P. Poole, aged 33, and Miss Bertha Ralston, aged 25, both of West Union, Ohio, were married in the County Clerk's office by County Judge H. P. Purnell.

NICKLE LOAF OF BREAD IS TO BE REVIVED BY U. S.

Food Administration Officials Would
Use Wheat Guarantee to Cut
Cost of Living.

Washington, March 7—The nickel loaf of bread may soon return to the market basket of the housewife, food administration officials said today. They are working on a plan, said to be nearly ready for submission to Herbert Hoover and President Wilson, to utilize the billion-dollar wheat price guarantee fund for decreasing the price of four to bread-makers and still keep wheat prices to \$2.26 to the farmer.

The tentative plan embraces the taking over the flour supply of the country at a normal profit to the millers and selling it to the public at a loss of \$2 a barrel.

They express no doubt that the foreign demand for wheat will be sufficient to keep the wheat price up to the government's guaranteed figure.

Officials say that with wheat at \$2.26 a bushel, the flour can be bought fairly by the government for \$5 a barrel, after the by-products saved in making the flour and for a fair profit. But to insure the five-cent pound loaf, the flour must cost not more than \$5 a barrel to the breadmakers.

The plan considers the government absorbing this loss of \$2 a barrel at a total cost of \$500,000,000. Thus the consumer would get the five-cent loaf, the farmer the \$2.26 price and the government's appropriation be used to decrease the bread price, instead of boosting the wheat price, officials pointed out.

The Food Administration and the Department of Agriculture in estimating this year's stimulated wheat crop place the figure at about 1,200,000,000 bushels.

Of this probably 650,000,000 bushels will be needed for domestic use, allowing about 550,000,000 bushels for export and carry-over. About 300,000,000 bushels can be safely exported, it is believed, leaving the rest for seed and other carry-over needs.

Plumbers are at work today installing a gas light in the office of the police sergeant for use in case something temporarily extinguishes the electric lights in the office.

The subject for Sunday's sermon will be, "The Relation between our Well Doing and God's Glory." Two special musical numbers; a mixed quartette and a selection by the choir. Miss Josephine Harkins will assist with the music.

Evening service at 7 o'clock. Everyone receives a cordial welcome. Come and bring your visitors and friends.

WILL B. CAMPBELL, Pastor. Inal. Phone 66.

SUNDAY SCHOOL LESSON

Lesson For March 9, 1919.
International Sunday School

Joshua 1:1-17. Topic: "Joshua Patriot and Leader."

For forty years the Israelites camped in the Salimatic Wilderness and lived on the manna which God gave them. During that time all who came up out of Egypt over twenty years old had died, save Caleb and Joshua, Aaron and Moses had died. God had taken Moses to the Summit of Mount Nebo, and had given him a view of the promised land, but would not allow him to enter it, because in his anger he had not honored God when he drew water from the rock.

The Israelites are now encamped on the banks of the Jordan opposite Jericho. It is at the season when the Jordan overflows its banks, from the melting of the snow on the mountains of Lebanon. God had chosen Joshua as the successor of Moses as commander-in-chief of the hosts of Israel. The lesson is God's charge to Joshua. He had been in training for forty years. He was one of the twelve spies who with Caleb made the minority report. They declared that though there were giants in the land and walled cities, yet God would give them the victory, because he had promised to do so. Now, Joshua has the honor of leading his people into the land and of dividing it among them. And always honors the faith of his people, and he also honors those that exercise faith in him. Farther on in the story we learn that Caleb had the honor of capturing the strong hold of the giants, who gave him such terror to the ten spies and through them to the Israelites, and their lands became the portion given to Caleb's family. It pays to honor God. "Him that honoreth Me will I honor, and he that despiseth Me shall be lightly esteemed."

The promotion of Joshua was the result of forty years of training. He had been intimately associated with Moses during all this time. We might call him his private secretary. He was also his military leader, and had won the battle with the Amelkites. He went with Moses when he received the tables of stone from the hands of God. He had witnessed the displays of divine power in the plagues of Egypt, at the Red Sea, and in the wilderness. Other miracles are to be brought if the Israelites possess the land of Canaan. The natives that inhabited the land must be conquered before these could possess it, and from a human standpoint they were not equal to the task, unless God gave mighty aid they must fail. The first obstacle was the swollen Jordan. There were no pontoons. How should they get over? God's command was for the priests to bear the ark and march into the stream. That looked hazardous. But as their feet touched the water the river divided as did the Red Sea, and they passed over dry shod.

Leadership is essential to the success of all great enterprises. Men will follow a courageous leader any where he will lead them.
Let us note here that the world's greatest leaders have been men of high character, that is the men that have lifted the world to higher levels and started it to greater achievements. Alfred, the Great, is still looked upon as England's greatest King because of his exalted character and his wise and beneficent statesmanship. The same is true of Washington and Lincoln, and from present indications the man in the White House will rank with them for the same reasons.
But all men cannot be great as the world calls greatness. But the gospel has a plan to make every man great in the sight of God. "If any among you would be great let him be the servant of all."

It is only by his service to mankind that any man can become great. It is the work of the Sunday School to train leaders for the Kingdom of God. Let this thought be kept in mind. The church must have leaders as well as the army. Let us see to it that this work is not neglected, else our work will fail.

DOING WHAT COULD NOT BE DONE

The general results of the Government's campaign against general diseases during the past year have been in some respects contrary to what many persons expected.

It used to be said that nothing could be done to stem the tide of general diseases because the problem was bound up with unchangeable human nature. The results, however, as seen in the medical departments of the Army and Navy, have shown that a great deal can be done with good effect.

It used to be said that the health authorities would do nothing. Forty-two state boards of health are now actively at work on this problem and the other states are arranging to do their part.

It used to be said that no support could be secured for such work. We have found that beginning with President Wilson, who devoted part of his emergency fund to the early anti-general disease work around army camps, the federal, state and local governments have given generous financial and moral support to the campaign. By the Army Bill of July, 1918, Congress appropriated over four million dollars for this work in civilian communities throughout the country; Red Cross has devoted a large amount of money to aiding the clinics in extra-cantonment zones; several states and a good many counties and cities have already appropriated large amounts for general disease control.

ASST. SUR. GEN. C. C. PIERCE, Director of the Division.

In 1917 Canada produced 650,000 tons of news print paper, of which 492,800 tons, or 76 per cent., were exported to the United States.

TELL THE WORLD THIS WOMAN SAYS

That Lydia E. Pinkham's Vegetable Compound made Me a Well Woman.

Los Angeles, Cal.—"I suffered with female troubles for years, was sick most of the time, was not able to do my own housework, and I could not get help from doctors. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers, and took six bottles, and am a well woman. You can use my name to tell the world the good your medicine has done me as I shall praise it always."—Mrs. A. L. DeVine, 647 St. Paul Avenue, Los Angeles, Calif.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should do as Mrs. DeVine did, and give Lydia E. Pinkham's Vegetable Compound a thorough trial. For over forty years this famous remedy, which contains the curative, strengthening properties of good old fashioned roots and herbs, has been correcting just such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

PUBLIC SALE 143 Acre FARM In Mason County

I will sell to the highest bidder on

Saturday, March 8th, at 10 o'clock a. m.,

What is known as the Henry Dickson farm, containing 143 acres of land, situated three miles south of Germantown, Ky., on the Salem Ridge Turnpike.

The improvements on this farm consist of a nice Residence, good Tenant House, two Tobacco Barns and a good Stock Barn, and usual Outbuildings.

Farm all in grass, but 20 acres, which is seeded to grain and grass sown on it, and not an acre of waste land. This farm is well fenced with woven wire fence, and locust posts.

This is said to be one of the best Tobacco Farms in this section of Kentucky, and 12 acres have been rented for tobacco this year. Farm will positively be sold to the highest bidder.

Terms will be announced on day of sale.

C. D. ASBURY.

COL. H. C. HAWKINS, Auctioneer.

OHIO DRYS ARE IN DOUBT ABOUT VOTE

Failure of Emergency Clause to Pass
Ohio Legislature May Cause Bad
Mix Up For Drys.

Columbus, Ohio, March 6.—For the first time Ohio drys today conceded there is doubt concerning their ability to put the Crabbie-Miller prohibition enforcement bill through the Legislature as an emergency measure.

At the same time, they sent broadcast over the state an appeal to their following to "build fires" under members of the Legislature, hoping thereby to secure the necessary two-third majority in each branch so the law would become operative May 27, the date state-wide prohibition goes into effect.

Wets claimed today not more than 71 members in the House would vote for the emergency clause.

Eighty-four votes are needed. Wets declare the Drys still need one vote in the Senate to pass the emergency clause.

The official organ of Ohio drys, the "American Issue," says:

"What will be the effect if the emergency clause is not adopted?"

"The prohibition amendment becomes a part of the constitution May 27. On that day saloons will close. But unless the emergency clause to the law enforcement bill is accepted there will not be the machinery to enforce the dry amendment. This is exactly what Ohio wets are working for."

The regular inauguration of an aerial mail service has made necessary a weather forecast especially for the guidance of aviators.

MANY NEW SONG HITS IN BIG MUSICAL COMEDY

"The Honeymoon Limited," Saturday's
Bill at Washington, Is Great
Musical Comedy Success.

Musical Comedy, one of the most popular forms of entertainment known to the present generation of theater goers will be the attraction at the Washington Opera House Saturday, March 8th, when Charles F. Yale offers "The Honeymoon Limited."

Funny comedians, real singers and a chorus of beautiful and shapely girls are the characteristic features of musical shows such as a firm grip and unwavering popularity with those who relish a light entertainment. A company of 35 comedians, singers, dancers and musicians form the 1919 version of "The Honeymoon Limited."

A scenic production embracing two acts and half a dozen scenes are shown during the action of the play.

"A Trip to Palm Beach" is the introductory scene of the first act and at the finale of the second act spectators find the scene laid on the Metropolitan roof garden in New York City.

Late and popular songs sung by principals and a chorus of blonde, brunette and Titian haired beauties is one of the features of "The Honeymoon Limited." During the action of the piece over a score of tuneful melodies are introduced. Among them are "Going Up," "There's A Garden In Old Italy," "Love's Own Kiss," "I'm Through With Roaming Romances," "The Last Long Mile," "Follow the Girls Around," "Wait 'Till the Cows Come Home," "Love, Here Is My Heart," "Leave it to Jane," "If You Look In Her Eyes" and other haunting melodies that linger in the memory.

PARENTS PLEASED AT
SHOWING MADE BY BAND

There were many parents of boys in the Maysville's boys band at the band room last night to hear the entire band together for the first time. All members of the first band were present and the music made by the lads was indeed surprising to the parents. All parents were more than pleased with the progress made by their sons.

BRACKEN BAR PAYS TRIBUTE TO W. D. COCHRAN

Lawyers of Bracken County Pass Resolutions Upon the Death of Hon. W. D. Cochran.

The Bracken Chronicle says: At a meeting of the Bracken County Bar held at the Court House in Brooksville, Kentucky, on Tuesday, February 18, 1919, the committee returned the following resolutions, which, after appropriate and touching remarks by the Hon. W. A. Byron, M. Hargett and M. J. Hennessey, were adopted and are in words following, to-wit:

Resolved: That it is with the deepest feelings of sorrow and regret that we have learned of the sudden and untimely death of Hon. William D. Cochran, an able and distinguished member of this bar.

Resolved: That in his death our bar lost a genial and loved member, one who was both an ornament and exemplar to it, one who was courteous, able and true to all the highest tenets of his profession; the church an humble, devout and generous follower; the state a liberal, useful and upright citizen, and the nation a patriot, with whom loyalty was afoible, to whom unsparing spending of time, talent and effort was a privilege and service a pleasure; his family a devoted husband, father and brother, tender and true as the Douglas, and to them we extend our heartfelt sympathy in their dark hour of bereavement.

Resolved: That the chairman of this meeting present these resolutions to the Bracken Circuit Court at its present term, with the request that they be spread upon the records of said court.

Resolved: That the Secretary of this meeting be requested to furnish the family of the deceased with a copy of these resolutions, and that the Bracken County Chronicle and the Bracken County Review be requested to publish the proceedings of this meeting.

A CHICKEN HOME TO ROOST

In his appeal to Congress in 1914 for the repeal of the exemption from Panama Canal tolls of American ships, President Wilson spoke as follows: "In my own judgment, very fully considered and maturely formed, that exemption constitutes a mistaken economic policy from every point of view."

His Democratic Congress obediently repealed the objectionable statute. It now transpires that not only do American ships have to pay tolls as great as those charged foreign vessels, but, as compared to the British, they are assessed at a far higher rate. Gen. Goethals cites two sister ships, one under the British and one under the American flag. Due to the different methods of the two countries in reckoning tonnage, the American ship paid \$500 more in Panama Canal tolls than the British vessel.

But, in my own judgment, very fully considered and maturely formed, our President deems such a transaction good economic policy. With such a record behind him is it any wonder that the American people are looking askance at the league of nations he is now pitting before them?

By linking a number of lakes and rivers in a hydro-electric project, Norway expects to obtain 320,000 electric horsepower at a single plant.

Brabill's great wealth in coffee is due to a monk who planted two seeds in a Rio de Janeiro monastery garden in 1734.

DAUGHTER ALWAYS TIRED

Mother Says Vinol Built Her Up and Completely Restored Her Health.

Long Island City, N. Y.—"My daughter is a milliner and she got into a rundown condition, pale and had no appetite. After other medicines failed to help her, Vinol gave her a good appetite, built her up and completely restored her health."—Mrs. H. Ott.

The reason Vinol was so successful in this case is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened, rundown system, and create strength.

The Busy Hour for Telephoning!

If we comprehend that residences are ordering their groceries and supplies—that retailers are ordering from the wholesalers, that freight depots are notifying their consignees, and professionals making their daily appointments—at just the time we are doing our own ordering, it must be between nine and ten o'clock in the morning.

If the "line is busy" when we call at that time, it is also busy for others when we are using it, and the whole situation might be relieved if called later in the day.

If the person persists in visiting during the busy hours will have fine consideration for others, she will do it later in the day. She will not under any circumstances talk over five minutes. And she will use the telephone on party lines for reasonable and necessary purposes only.

KIDDIES CROWD THEATER AT ALADDIN MATINEE

Children of Maysville Wild About Great Kiddies' Feature Being Shown at the Washington Today—Great Crowds Expected Tonight.

For the benefit of the Parent-Teachers Association of the First District school, the management of the Washington Theater is today showing the big feature picture "Aladdin and the Wonderful Lamp". The children were given tickets to sell and promised if they would sell a certain number of tickets they could have a ticket to the afternoon performance free.

Through a special arrangement with the teachers of the schools the children were allowed to leave their schools earlier this afternoon than usual so that they might see all of the picture and long before time for the first show the front of the Washington theater was blocked.

The picture is far above the ordinary. Those who saw it this afternoon say that it was one of the best children's pictures they have ever seen and it is expected that there will be a record breaking crowd at both shows this evening to see the picture. It is worth seeing by grown-ups as well as children.

\$250,000 COLLECTED ON DOGS PRESENT YEAR

Frankfort, Ky., March 7—Kentucky has collected something like \$250,000 from the dog tax during the present year. Matt Cohen, Commissioner of Agriculture said that 179,128 dogs have been listed for taxation. Taxes on dogs will run to at least \$250,000, and the school fund of the State will get a neat part of this sum.

MERCHANTS GIVEN CHANCE TO CONTRIBUTE TO FERRY

Committee of Local Business Men Call On All Business Interests of the City Giving Opportunity of Having a Part in Furnishing Funds For Ferry Change.

The meeting of the representatives of the local retail interests and the tobacco interests held Thursday afternoon in the tobacco district resulted in a working committee be appointed from the warehousemen and from the retail interests to call on the men in their various lines of business to raise the necessary two thousand dollars to consummate the sale of the Aberdeen-Maysville ferry to Mr. Brown, of Manchester, Ohio, who proposes to operate the ferry as the local interests want it operated.

It is understood that the committee appointed to wait on the tobacco interests will have absolutely no trouble in raising their one thousand dollars as the warehouse interests have already practically agreed to pay this amount if the retail interests will pay the other one thousand dollars.

The committee named to wait on the retail interests will be on the job today and will give every man in business in Maysville an opportunity to contribute to the cause. There is a vast territory laying back of Aberdeen in Ohio which can be turned into cash for the local merchants as well as the tobacco interests if the proper ferry facilities are given. From what is heard today it is not thought that there will be any great amount of trouble in raising the necessary funds to swing the deal and it is likely the purchase will be consummated within a few weeks.

COXEY PLANS NEW ARMY TO PROTEST PROHIBITION

New York, March 7—"General" Jacob Coxe declared here last night that he proposes to lead another "army" to Washington as a protest against national prohibition. He has decided, however, that he will not go on foot, but will travel in a touring car and motor transportation will be provided, he said, for all his cohorts. "General" Coxe, who is at the Waldorf-Astoria, said he had discussed the project with many business men in this and other cities, and that most of them have volunteered to enlist in his army.

AD LEWIS SAFE IN THE U. S. A.

Adworth Lewis, popular local colored man, today received a telegram from his son, A. W. Lewis, Jr., who has been with the A. E. F. in France for many months, announcing his safe arrival in New York. He will go directly to Camp Upton where he is expected home in the very near future.

Mrs. Walter Worthington is reported seriously ill at her home on Forest avenue.

RELIEF WORK IS HINDERED BY THE ITALIAN BLOCKADE

America Warns Italy That Flow of Foodstuffs May Be Cut Off—Action Is Denounced.

Washington, March 7—Italy has been warned by the American Government that unless she puts an end to delays in movements of relief supplies to the newly-established Jugo-Slavic and Czech-Slovak States, steps will be taken to cut off the flow of American foodstuffs to Italy.

It was stated today in an authoritative quarter that the Italian Government had caused intolerable conditions by the blockade she has imposed against the Jugo-Slavic countries and which operates also against the Czech-Slovaks. The blockade has not been wholly effective because the United States has been able to deliver much food where it was needed, but many delays have been caused, resulting often in holding up supplies the need of which was desperate.

Reports from Paris of the existence of chaotic conditions because of the blockade have not been confirmed here but it is known that much unnecessary suffering has been caused, directly attributed to the stand taken by Italy. News from Paris that representatives of Great Britain and France were outspoken in their condemnation of the attitude of Italy, had been cabled to the United States, but the action of the American Government in sending its warning to Italy was taken before that news came.

No reply has yet been made by the Italy Government.

Italy has been depending in large measure on the United States for foodstuffs. The disintegration of Russia and the depredations of the Central Powers in Rumania cut off European sources of wheat, so that in 1918 this country shipped Italy 16,000,000 bushels and 3,000,000 barrels of flour. This cereal ration was supplemented by 2,000,000 bushels of corn.

Italy also has looked to the United States for meat, taking 46,000,000 pounds of canned beef, 9,000,000 pounds of fresh beef, 98,000,000 pounds of bacon and 1,000,000 pounds of lard last year. Other purchases from this country included 20,000,000 pounds of salmon and 30,000,000 pounds of sugar.

FORMER STUDENTS REMEMBER TEACHER ON BIRTHDAY

There are hundreds of Maysvillians and former Maysvillians who received their first school instructions from Miss Sallie Burrows, who was teacher in the Maysville Public Schools for many years. Probably the Maysville schools has never had a teacher more beloved by her students than Miss Burrows. Because of that great love for this strong character, many of her old students have kept in touch with her. For several years Miss Burrows has been in very bad health and for the past year or more has been confined to her home in Front street. To cheer her heart and to let her know that the boys and girls who learned to love her years ago in the school room still have many pleasant thoughts of those days and of her, those who were in reach of Maysville were asked by a few of her old students to remember her birthday today and a flood of post cards and letters have been pouring in upon her all day.

WARNS OF FAKE PAPERS

Washington, March 7—The war department issues the following statement:

"The attention of the war department is directed to the practice of certain publishers and their agents in offering to the kin of soldiers in the casualty lists or in the lists of citations for distinguished service, various forms of printed cards, certificates, illuminated folders, etc., and claiming war department authorization of these publications.

The war department will very greatly appreciate the good offices of the newspapers in informing the public that such material is not in any way authorized by the war department, but is offered for sale by private interests for profit."

The City Treasurer's office is being crowded now with agents for adding machines since it is announced the city will purchase one.

Textiles valued at \$4,532,880 will be shipped immediately to France by the Red Cross to meet the acute need for clothing among the refugees now returning to their shattered homes.

A. T. AGAIN OFF MARKET TODAY; SOME HIGHER

Warehousemen Say That No Consideration of the Closing of the Market Has Yet Been Taken and That Due Notice Will Be Given.

The American Tobacco Company seems to be playing on again, off again for while they were on the local market Thursday afternoon purchasing some few grades, they were not to be found on the market this morning.

Warehousemen report that the local market is thought to be just a little better today although it is hardly noticeable. The weekly average will show another decrease, tobacco dealers seem to think.

When asked about the probable closing date this afternoon prominent local warehousemen said that there had been no discussion of this matter among the warehousemen and that all growers would receive due notice of the closing so that there will be no chance of anyone getting left out this year. The market opened late and the warehousemen will give the growers plenty of time to get their crops in before closing for the season.

Mr. James Riley is confined to his home on East Second street with a severe case of typhoid fever.

ANOTHER BIG SHOW COMING

The advance agent for "Grand Dady Long Legs", another big musical comedy booked for an early date at the Washington, was in Maysville today.

EVIDENCE THAT CONVINCES

A Twice-Told Tale That Will Carry Conviction to Ledger Readers.

Fourteen years ago, Mrs. Burns publicly endorsed Doan's Kidney Pills; She then told of benefit she had received.

With unshaken confidence, she confirms her statement—Tells how passing years have strengthened her faith in Doan's. There's no better test than the test of time.

Can any Maysville reader ask for more convincing evidence? Mrs. John Burns, West Second Street, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. I used Doan's Kidney Pills and the quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since." (Statement given February 13, 1914.)

NO TROUBLE SINCE

On November 15, 1916, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today, as ever. I have not needed a kidney medicine since I first took them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns had. Foster-McBirn Co., Mfgs., Buffalo, N. Y.
